**Wintrust Renewable Energy Finance** is a division of Wintrust Commercial Finance established to meet the growing demand for sustainable energy solutions and support the transition to a low-carbon environment.

Through our new division, we have expanded our presence in the renewable energy sector, enabling companies nationwide to seize opportunities in the rapidly expanding green energy industry. We look forward to what's in store as we build valuable partnerships and move towards a more sustainable future.

## CUSTOM FINANCIAL SOLUTIONS

We specialize in developer power purchase agreement (PPA) project financings and other direct customer needs, including:

- Solar
- Storage
- Microgrid solutions
- Fuel cells
- Renewable natural gas (RNG)
- Combined heat and power (CHP)
- EVs and EV charging
- Other forms of clean generation and carbon reduction

Financing energy efficiency and carbon reduction projects will be added as we grow the business. We must do our part to help clients and prospects reduce their energy spend and meet their overall environmental, social, and governance goals.
