

ONLINE ACCESS

Customer may view, make payments, and obtain an Advance by using the Bank's iBusinessBanking™ online banking system. If you do not have iBusinessBanking™ (online banking), please contact your account officer. Customer will not request an Advance that, when taken together with other amounts then outstanding in the Account, would exceed the Credit Line. If Bank makes an Advance that causes the balance of the Account to exceed the Credit Line, that amount in excess of the Credit Line will be immediately due and payable. Bank is under no obligation to make an Advance in excess of the Credit Line, and the fact that Bank makes such an Advance will not preclude Bank from declining such a requested Advance in the future. By choosing to add online advances, the Customer understands and agrees that the Administrator of the iBusinessBanking™ Company ID above will be given the permission to request an Advance on behalf of the Customer.
